

# Resume - João Gabriel Carneiro

ID: CRO PB 500

## Contact Information

- **Email:** tjdjoao@gmail.com

## Summary

Dental Prosthetics Technician and CAD/CAM Specialist with six years of experience in digital prosthetics. Focused on delivering fast and high-quality solutions for prosthetic challenges. As a digital dentistry specialist, I collaborate with dentists and technicians to develop customized approaches that meet both aesthetic and functional needs.

## Professional Experience

### Digital Laboratory Gentil Ferreira — Administrative Partner 2024 — Present

- Manage direct contact with clients to find personalized solutions meeting high standards of quality, functionality, and delivery timelines.
- Stay updated with the latest in digital dentistry, utilizing advanced CAD/CAM techniques to provide optimal solutions for dentists and technicians.

### Concept Lab 3D — Manager of Digital Dental Prosthetics 2023 — 2024

- Oversaw the 3D printing and milling department, maintaining approximately 15 machines daily.
- Independently managed cases, leveraging advanced 3D design skills to deliver high-quality prosthetic solutions within deadlines.

### Digital Laboratory Gentil Ferreira — Dental Prosthetics Technician 2022 — 2023

- Delivered digital dentistry services, including CAD/CAM and 3D printing solutions for diverse prosthetic cases.

- Ensured high-quality standards by closely collaborating with dentists to meet specific case requirements.

## **Concept Lab 3D — Dental Prosthetics Technician 2021**

- Contributed significantly to the founding of Concept Lab 3D, working alongside Dentsply Sirona consultant Rafael Barreto.
- Enhanced digital skills in 3D modeling, 3D printing, and CAM manufacturing.

## **Digital Laboratory Gentil Ferreira — Dental Prosthetics Technician 2018 — 2021**

- Developed foundational skills in dental prosthetics, exploring both analog and digital solutions.
- Participated in training courses on analog and digital prosthetics techniques.

## **Technical Skills**

- **Lab Management:** Team and workflow management in digital dental prosthetics labs.
- **Administrative Skills:** Dental prosthetics lab administration.
- **Digital Dentistry Expertise:** EXOCAD (advanced), PartialCAD, InLab, Mesh-mixer, 3D Builder, Chitubox, Anycubic Workshop.
- **Hardware Proficiency:** Advanced with bench and intraoral scanners, 3D printing; intermediate with milling machines.
- **Teaching:** Assistant instructor for digital dentistry courses.

## **Education**

**Dental Prosthetics Technician**, Professional Training Center of Agreste (CEPAg)  
2021

## **Notable Courses**

- EXOCAD Basic and Advanced with Filipe Buratto (CNG) – São Paulo, 2020 and 2021.
- EXOCAD Basic, Intermediate, and Advanced with Gabriel Campos – Online, 2020.
- EXOCAD Advanced with Jean Carlos (Titanium Cad) – Online, 2024.
- Assistant Instructor for EXOCAD Courses with Rafael Barreto (Concept Lab 3D) – Rio de Janeiro, 2022 to 2024.
- Introduction to Digital Dentistry with Ricardo Kimura (DONE 3D) – Juazeiro do Norte, 2019.
- Restorative Workflow with Live Case Demonstration (iTero) – Recife, 2019.
- Refractory Ceramic Techniques with Junior Lima – Recife, 2019.
- Custom Veneer Stratification with Yan Barrozo – Fortaleza, 2022.

- Natural Finishing and Makeup Techniques with Romanini – Natal, 2024.
- Various Dental Anatomy Courses with Junior Lima, Dorival Edson, Priscilla Rizzi, and Deyse Prado.
